FRONT VIEW

SIDE VIEW

TOP VIEW (frame, slats and stretcher hidden under the top)

Pos	Part	Qty	Length	Width	Thick.	Notes
1	Tabletop	1	1800	900	45	glued oak boards
2	Leg post	4	745	90	45	floor to underside of top
3	Frame rail	4	690	90	45	between posts, top + bottom
4	Upper slat	2	1200	90	45	laid flat under the top
5	Floor stretcher	1	1200	90	45	laid flat, centred

NOTES

1. All dimensions in mm. Finished (net) sizes, square butt joints.
Add tenon/dowel length to parts 3, 4, 5 if mortise-and-tenon is used.
2. Material: solid oak. All frame parts from 90 x 45 section;
the 90 side of parts 2 and 3 runs along the table length.
3. Leg frames are 210 in from each end, 60 in from each long edge.
4. Upper slats are flush with the top of the frame rails (fixed to the
underside of the top); stretcher sits on the floor, flush with the
bottom rails. Ease all edges ~R3. Oil finish.

OAK DINING TABLE 1800 x 900 x 790
